I am part of the Property Management team at Allan Domb Real Estate. We own and manage over 600 high rise luxury condominiums on or around Rittenhouse Square. I can attest to the wonderful response and thorough customer service that we receive when we call upon Puro-Tech LTD for our emergency services. They are on site within minutes and take over remediation and restoration of the situations immediately.

They work hand in hand with our insurance companies/adjusters and are in constant contact with me and all other parties involved which makes the situation so much easier to handle.

I highly recommend Puro-Tech LTD, and look forward to working with them in the future when the situations present themselves.

Sincerely,

Renee DiDonato
